

DPT Health requirements differ from those of the University of Hartford Health Services. Below is a table to help you understand how to navigate the complete DPT Program health and on-boarding process. Please note, students are required to show proof of physical, flu vaccination, Tuberculosis testing and health insurance on an annual basis*.

MMR vaccine	2 doses or + titer showing immunity
Varicella (chicken pox) vaccine	2 doses or + titer showing immunity (history of disease is not accepted)
Hepatitis B	Vaccine series (3) or + titer showing immunity
Tetanus	Proof of booster within 10 years
COVID-19	Proof of full vaccination
Physical	Annual
Flu shot	Annual (deadline by Oct 1 st)
Tuberculin/PPD test 1 step	Annual *If positive – need chest x-ray/blood test; 2 step may be required based on specific clinical site
Proof of Health insurance	Annual
Criminal Background Check	Entrance into DPT program at minimum
10 Panel Drug screen	Entrance into DPT program at minimum
HIPAA and OSHA training	Completed during DPT program
CPR/AED certification	Completed during spring of Year 1 and must remain valid during remaining DPT program
